

AARE INTERNATIONAL EDUCATION RESEARCH CONFERENCE 2008 - BRISBANE

Criteria for Review of Conference Abstracts

NOTE: This provides a general guide for track directors to review conference abstracts. You are not required to do anything with it such as forward it to authors.

| CRITERIA | Met to a great extent | Met to some extent | Not met | Not applicable |
|---|------------------------------|---------------------------|----------------|-----------------------|
| Focus/topic of abstract is consistent with the relevant Track/SIG and conference theme | | | | |
| Provides sufficient detail with respect to literature, methodology, data analysis and findings | | | | |
| Makes a contribution to the area – of national and/or international significance | | | | |
| Makes a contribution to theory and/or policy and/or practice | | | | |
| Abstract meets word length and presentation requirements expected of an AARE conference (e.g., academic style evident; clarity of expression; sufficient detail/scope provided) | | | | |
