Educational
Researcher
Special Issue
April 2006

The book will not be
published on-line

Contents

Introduction *Blackmore and Wright*

The quality agenda and some issues for educational research and researchers: an introductory essay

PART 1 Agendas and trends in assessing quality and impact

Chapter 1 *Armstrong and Goodyear*

Implications of external research quality assessment for local research leadership: learning from the UK RAE experience

Chapter 2 *Codd*

Assessing research quality: the origins and outcomes of New Zealand's performance-based research fund

PART 2 The quality of research in diverse contexts

Chapter 3 *Yates*

What does 'significance' look like? Assessing the assessment process in competitive grant schemes

Chapter 4 *Alton-Lee*

A collaborative approach to knowledge building to strengthen policy and practice in education: the New Zealand Iterative Best Evidence Synthesis Programme

Chapter 5 *Furlong and Oancea*

Assessing quality in applied and practice-based research in education:
a framework for discussion

Chapter 6 *Groundwater-Smith and Mockler*

Research that counts: practitioner research and the academy

PART 3 What makes a difference – the impact of educational research

Chapter 7 *Yates*

Is impact a measure of quality? Producing quality research and producing quality indicators of research in Australia

Chapter 8 *Selby Smith*

The impact of educational R&D in the Australian VET sector

Chapter 9 *Levin*

How can research in education contribute to policy?

Chapter 10 *Wilson and Loble*

From evidence to policy – the policy maker's perspective

PART 4 Threats, opportunities and strategies for the field of education

Chapter 11 *Singh, Han and Harreveld*

The impacts of redistributive quantum funding: managing quality education research to extend talent, sustain openness and build toolkits
